EIGHT YEARS IN PRISON.

Aged Faribault Banker Sentenced by Judge Morris.

St. Paul, Nov. 14.—Thomas B. Clement, the aged Faribault banker convicted of misappropriating the bank's funds, received an eight-year sentence in the federal court here. He had been found guilty on twenty-four counts, the minimum under some of which is ten years. Judge Page Morris of the federal court imposed the penalty.

It is not probable, however, that he will begin serving his sentence for some time, possibly several years. The case will be appealed to the circuit court of appeals, a bill of exceptions accompanying the appeal. The case may also be carried to the supreme court of the United States, as some of the exceptions are on constitutional grounds.

BY MEANS OF FAKE DEEDS.

Seattle Man Accused of Defrauding Women.

Seattle, Wash., Nov. 14.—Bert Connor is under arrest charged with defrauding women out of property by means of false deeds. Two of Connor's accusers are Mrs. Sarah Gerigaus and Mrs. Schubert, owners of lodging-house property. Connors bought property of both women by giving as collateral for temporary payment alleged worthless deeds to property in Michigan. He represented that he was short of money for the time being, but that in a few days he would redeem his security. This he failed to do and after securing the lodgings he sold them.

Fined for Illegal Fencing.

Omaha, Nov. 14.—Bartlett Richards and James G. Comstock appeared before Judge Munger in the federal court during the day and pleaded guilty to having illegally fenced 212,000 acres of government land in Sheridan and Cherry counties. They were fined \$300 each and assessed the costs of the case, amounting to about \$500.

Government Fears a Coup.

Havana, Nov. 14.—It is believed that the government fears a coup d'état, as the number of police at the palace has recently been trebled and for the last two nights the policemen have been compelled to sleep on the palace floor.

ASKS FOR HAMILTON

**COMMITTEE ORDERS PRESIDENT
M'CALL TO BRING ATTORNEY
FROM EUROPE.**

LARGE SUM TO BE REPAID

**NEW YORK LIFE OFFICIAL SAYS
HE WILL REPLACE LEGIS-
LATIVE FUND.**

New York, Nov. 14.—John A. McCall, president of the New York Life Insurance company, was called before the Armstrong committee of insurance investigation during the day and peremptorily ordered by the committee to demand the return from Europe to this country of Andrew Hamilton, the lawyer who has had charge of legislative matters for the New York Life. Mr. McCall was further ordered to demand an accounting from Hamilton of the moneys expended by him and of the balance which he owes the New York Life. Mr. McCall denied that it was the policy of his company to have Mr. Hamilton remain abroad until after this investigation had been concluded and said that on the contrary he would very much like to have Mr. Hamilton return.

Mr. McCall, replying to Mr. Hughes, counsel for the committee, said he had called the attention of the board of trustees of the company to his testimony before the committee relative to Hamilton and gave Mr. Hughes a copy of his statement which said that if Hamilton did not return to the New York Life the sum of \$235,000 by Dec. 31 he would himself pay it to the company. Mr. McCall said Mr. Hamilton was either in Paris or Nauheim.

Interesting Line of Inquiry.

Another interesting line of examination was opened just before the adjournment for the day when John McGinness, an employee of the Equitable Life, was called. He produced letter books and memoranda which Mr. Hughes read and was in the midst of the reading when adjournment was taken. These were instructions from former Comptroller Thomas D. Jordan of the Equitable Life to A. C. Fields relative to the killing or assisting the passage of every bill introduced into the legislature that would affect or help the interests of the insurance company or any of its officers.

Other witnesses were John R. Hegeman, president of the Metropolitan Life, and Vice President Fiske, who were interrogated along the line of agents' salaries, legal expenses of the company, real estate holdings and the methods of acquiring properties and the fact was brought out that the fire insurance firm that places all the risks on the properties of the Metropolitan is composed of W. D. Edmister and Silas E. Dutcher, the latter a director of the Metropolitan Life.

LEADS STRENUOUS LIFE.

Prince Louis Attends Big Round of Entertainments.

New York, Nov. 14.—Prince Louis of Battenberg passed the day in a fashion that would have tested the stamina of a political candidate engaged in a campaign of the whirlwind order and stood the strain with a fortitude worthy of a British admiral. He began the round of entertainments with a reception at the chamber of commerce, where he was greeted by a representative gathering of captains of commerce and finance. After a brief breathing spell he was whirled down to Coney Island, where he and the officers of his fleet, with Admiral Evans and other representatives of the American navy, attended a great banquet given by the bluejackets of the American warships to their Britannic cousins.

From the banquet a special train bore the prince and his suite back to New York in time to appear at the horse show, where his entrance was the signal for a tumultuous welcome from a great assemblage, representative of the fashion and wealth, not only of the metropolis, but of all the principal cities of the Union.

From the horse show the prince proceeded to the Lambs' club, where he was the central figure of a gambol attended by the most prominent Lambs of the United States, which was continued until the small hours of the morning.

MURDERED AT ODESSA.

Entire Family of a Jew Residing in Philadelphia.

Philadelphia, Nov. 14.—Max Bulowski, a Russian Jew residing in this city, has received a cablegram from Russia stating that his entire family, consisting of his father, mother, married sister with five children, two unmarried sisters, two brothers, sister-in-law with four children, her mother and his aunt and six children, have been murdered by Russians in Odessa.

WHITE BEAVER DYING.

Famous Scout and Five Times Mayor of La Crosse, Wis.

Cody, Wyo., Nov. 14.—Colonel D. Frank Powell, the noted scout and friend and partner of William F. Cody, who has been ill at the Irma hotel here for several weeks, has suddenly taken a turn for the worse and his death is expected to occur at any time.

La Crosse, Wis., Nov. 14.—White Beaver is forty-eight years of age, the eldest of three brothers. Dr. George E. Powell, aged forty-seven and Dr. Will A. Powell, aged forty-six, are practicing surgeons here. These three famous Powells, the Buckskin brothers of Western romance, formed, with Buffalo Bill, the world famous quartette of hardy scouts of the plains.

The Powells were born in the mountains of Kentucky, sons of pioneers. They went West with their parents when White Beaver was eighteen years of age, locating on a ranch near Eagle Allen stage station, Neb. They were invaluable to the army as scouts during the Indian wars of thirty-five years ago. D. Frank Powell secured a medical education at the Louisville medical college, receiving a free scholarship by appointment by Senator J. Milton Thayer. He came to be known as White Beaver in 1878, when he cured "White Metal," daughter of Rocky Bear, chief of the Cutoff Sioux, who was afflicted with disease. The presentation of a white beaver's skin was the highest honor known to the Sioux.

White Beaver was mayor of La Crosse five terms. He is a personal friend of General Nelson A. Miles and General Corbin.

HUNTING CASUALTIES.

Boy Killed Near Annandale and Man Near Winona, Minn.

Annandale, Minn., Nov. 14.—A fatal shooting accident occurred near here. Six boys who were out hunting began throwing up their hats to shoot at Samuel Sather towered his gun after taking aim and while talking to his companions the trigger in some manner got caught. The gun was discharged and Phillip Hendrickson was shot in the abdomen, killing him instantly.

Winona, Minn., Nov. 14.—William Schultz accidentally shot and killed himself while hunting. He was with a friend and as their dogs began fighting he swung his gun to strike them with the butt end. The trigger caught and the gun was discharged. He lived about an hour after the accident.

Duluth, Nov. 14.—Word has reached Duluth of the accidental shooting of George Gray, a freight conductor in the employ of the Northern Pacific, at Tamarack, about half way between Duluth and Brainerd. Particulars of the accident are meager. All that is known is that Mr. Gray was hunting and that he was accidentally killed by the discharge of his own rifle. He was long employed by the Northern Pacific and was a popular man. His home was at Staples and his run was between that place and Fargo.

FALLS OFF LIFT INTO MINE.

Timber Boss Killed While on Way to Surface.

Eveleth, Minn., Nov. 14.—Joe Kersonitch, timber boss in the Adams mine, was killed by falling a distance of 100 feet down the timber shaft at No. 6 shaft. Kersonitch and other timber men had finished their night's work and were returning to the surface through the timber shaft. When loaded the lift at this shaft rises slowly and it is customary for the men to help it by leaning their weight on the timber sets, thus relieving the counter balance to that extent. Kersonitch missed the sets and his weight threw him over the edge of the lift and he fell to his death.

JUMP FOR PILOT IS FATAL.

Carpenter Misses Footing and Is Run Over by a Train.

Two Harbors, Minn., Nov. 14.—John Hammerson, a railroad carpenter, employed at a construction camp two miles east of Mitchell on the Mesaba range, was killed by being run over by an ore train on the Duluth, Missabe and Northern road. He was walking on the track when an ore train of twenty-eight cars approached. He attempted to jump upon the pilot, but missed his footing. The locomotive and all the cars passed over him.

METHODIST PRELATE DIES.

Bishop Merrill Victim of Paralysis of the Heart.

New York, Nov. 14.—The death of Bishop Stephen M. Merrill, Methodist Episcopal bishop of Chicago, was announced here during the day. Bishop Merrill died of paralysis of the heart while at Keyport, N. Y.

Wrecked Steamer Abandoned.

Milwaukee, Nov. 14.—The steamer Appomattox, which ran ashore off North Point eleven days ago, has been abandoned and is a total wreck. The vessel is valued at \$75,000, while her cargo of soft coal totals about \$10,000 more.

Yes, they are obtainable in Brainerd

A great season this is for net waists and dresses nor will their popularity soon wane. Spring styles are being made up along the same lines. Perhaps you have had the idea that you must buy the materials for these in the "city". If you have let us show you our line. Just enough in each piece for a pattern.

By the way, would not these be acceptable for a Christmas gift? Best selections now of course.

Munsing Underwear for Children

When you buy "Munsing" Underwear you buy a tried quality. It is a line made by a company that specializes on its product. Thus their garments are made to fit as well as wear and keep the wearer comfortable.

No line they manufacture gives greater satisfaction than their union suits, for children and misses. These we show in qualities at 75c, \$1.00 and \$1.50 and upon two days time can secure much higher priced qualities if you wish them.

Perhaps you have never tried those for ladies. Their highest recommendation is that when they are once worn they are always used. We have special sizes and will have any quality made to order.

St. Petersburg, Nov. 14.—For the purpose of restoring order and public security in the provinces chiefly affected by the agrarian disorders it has been decided to send to the provinces of Saratoff, Chernigoff and Tamboff aides-de-camp of the emperor with almost dictatorial powers. They will not only have the right to report directly to the emperor but also to supersede all local officials and take over complete control of affairs.

The instruction to the aides, which are published as an official communication, entrust them with the direction of all troops and police in these provinces, subordinate to them all organs of government except the judiciary, direct them to discharge officials at their discretion, to arrest all persons considered dangerous to public security, to close all spirit shops, to suspend newspaper and other publications and to take other measures necessary for public safety.

AN ILLEGAL MEASURE.

League of Leagues Condemns Martial Law in Poland.

St. Petersburg, Nov. 14.—The League of Leagues has adopted a resolution condemning the proclamation of martial law in Poland as an illegal measure directed against the Polish emancipation movement.

In addition to increasing the pay of the rank and file of the army the war department has decided to reduce the term of service by one year. The present pay of the infantry is 11 cents per month and the cavalry 14 cents per month.

The fears of the wholesale pillage and murder of the Jews and intelligentsia by the "Black Hundred" have not entirely disappeared, although the strictest precautions have been taken against probable outbreaks.

Two students were beaten to death near the Obvorny canal during the night and three house porters were murdered at their doors.

GUARDED BY MILITARY.

Plots Discovered to Blow Up Russian Railway.

Warsaw, Nov. 14.—In consequence of the discovery of plots to blow up the St. Petersburg and Berlin railway all the railroads in Russian Poland are now guarded by the military. It was discovered during the day that the rail-

way between Warsaw and Tomza was mined. A powerful charge of dynamite had been placed in an underground chamber which was to have been exploded under the first passing train. A short distance on the other side of Warsaw an infernal machine was exploded and destroyed the track, but the damage was discovered before a train arrived.

IN ALL FACTORIES.

Social Democrats to Strive for Eight-Hour Day.

St. Petersburg, Nov. 14.—As the next step in their programme the Social Democrats have decided to attempt the enforcement of an eight-hour day in all the factories of St. Petersburg. The workmen in a number of big factories have already resolved to work only eight hours for their present pay and to cease work entirely if the employers attempt to enforce the old scale.

MOTHER OF RIPON COLLEGE.

Pioneer Educator of Wisconsin Dies at Ripe Old Age.

Ripon, Wis., Nov. 14.—Mrs. Clarissa Ticker Tracy, A. M., professor emerita of Ripon college and one of the pioneer educators of Wisconsin, died at her home in this city during the day, aged eighty-seven. She was known as the mother of Ripon college and had been connected with the college for more than forty-five years. Until three years ago, when she was made professor emerita, she was an active member of the faculty.

First Mayor of Oskaloosa.

Oskaloosa, Ia., Nov. 14.—Hon. William T. Smith, Oskaloosa's first mayor and first banker, died during the morning. He came to Oskaloosa in 1837 and engaged in the practice of law. He was president of the Iowa Central railroad for two years and engaged in many other business enterprises.

THANKS TO HIS ANCESTORS.

Japanese Emperor Rejoices at Conclusion of Peace.

Tokio, Nov. 14.—The Japanese emperor, followed by the premier, ministers and other court dignitaries, started in state during the morning for the Ise temple to offer thanks to his ancestors for the successful termination of the war and the restoration of peace.

The temple of Ise is the depository for three imperial insignias—a mirror, a sword and a crystal—representing respectively justice, power and virtue. Ise is one of the most important of the temples, being the only one which the reigning emperor personally visits. There is general rejoicing over his visit. The day was bright and a brilliant farewell was accorded the mikado by the diplomatic corps at the station.

Stiff Northwest Breeze, Snow and Cold Weather.

Boston, Nov. 14.—A break in the unusually mild conditions which have prevailed in many sections of New England for the past six weeks occurred during the afternoon when a storm which passed to the north dragged in behind it a stiff northwest breeze, cold weather and some snow. The drop in the temperature averaged 20 degrees. Snow fell to the depth of several inches in the state and there were snow flurries in the city.

There was a large and appreciative audience at St. Francis' church last night to hear the lecture on the "Dogmas of Faith" under the auspices of the Rogers Lyceum bureau, aptly illustrated by a stereopticon of great magnitude. The lecture and pictures were good and the entertainment was one of the best of the kind ever heard in Brainerd. The singing of Prof. Norris was good. There were 540 paid admissions and everyone went away well pleased.

PRINCE IS POPULAR

NORWEGIAN ELECTION SHOWS IMMENSE MAJORITY IN FAVOR OF MONARCHY.

SMALL REPUBLICAN BALLOT

MONARCHIAL PARTY POLLS UPWARDS OF THREE-FOURTHS OF THE VOTE.

Christiania, Nov. 14.—At 2 o'clock a. m. the returns of the plebiscite were still incomplete, but no changes in the main features are now possible. The returns from 418 constituencies show 238,418 votes in favor of Prince Charles of Denmark as king of Norway and 62,739 against him. The Republicans expected to poll 33 per cent of the votes, but only obtained 21 per cent. An interesting peculiarity of the plebiscite is the strong Monarchist majorities obtained in the Republican leaders' constituencies. It is also noticeable that the Monarchists seem to control the districts surrounding Christiania and all the coast districts, while Republican voters predominate in the interior and in the northern districts.

After midnight a great crowd cheered Premier Michelson and President Borne of the storting. The premier addressed the people from a window of the palace and congratulated them on the result of the plebiscite.

CALL ON SECRETARY ROOT. Swedish Minister and New Norwegian Charge.

Washington, Nov. 14.—Mr. Grip, minister from Sweden, called at the state department during the day and gave official notice that King Oscar, in view of the separation of Sweden and Norway, had renounced his former title of king of Sweden and Norway and desired to be known officially only as king of Sweden and of the Goths and Vandals, thus reviving the ancient and peculiar title of the ruler of Sweden.

Mr. Hauge, the Norwegian charge, called upon Secretary Root at the state department and presented his credentials as charge d'affaires of the new state of Norway.

The state department has not yet decided whether it shall appoint a new minister to Norway in the absence of an appropriation for his salary or permit Mr. Graves, who was originally accredited as American minister to Sweden and Norway, to continue to act in a dual capacity until congress otherwise provides.

"For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Tender Cuts Schooner in Two.

San Francisco, Nov. 14.—While the gasoline schooner Nonpareil was backing out from her pier she was run into amidships and almost cut in two by the United States lightship tender Madra going at full speed. Captain William Murphy and G. Boer, a deckhand, were thrown into the water. Murphy was rescued, but Boer was drowned.

No matter how long you have had the cough; if it hasn't already developed into consumption, Dr. Wood's Norway Pine Syrup will cure.

Glassmaking.

Much mystery has in times past attached to the art of glassmaking. It was formerly the custom for the workmen in setting pots in the glass furnace to protect themselves from the heat by dressing in the skins of wild animals from head to foot. To this queer garb were added glass goggles, and thus the most hideous looking monsters were readily presented to the eye. Show was made of themselves in the neighborhood, to the infinite alarm of children, old women and others.

TWO FATALITIES VERY CLOSE HOME

Conductor Gray While Out Hunt-
ing Near Tamarac was In-
stantly Killed

SAID TO HAVE SHOT HIMSELF

Joseph Harrison, Well Known
Resident of Cass County,
Taken for Deer and Shot

Conductor George Gray who runs
west of Staples was shot and instantly
killed while out hunting deer with a
companion near Tamarac, it presumably
having been with a gun in his own
hands.

Mr. Gray's companion was standing
on a runway and a deer came bounding
through the woods. The companion
shot the deer and ran over to the place
where it fell and called for Gray to come
over. Just as he called he heard an-
other shot, but thought that it was
some other hunter near by. He hung
the deer up and then started over to
find Gray and was horrified to learn
that he was lying on the ground dead.
From the position of the body and the
wound in his head it is thought that
his own rifle was accidentally discharged
and he was killed, although it may have
been that the shot was that of another
hunter in the distance.

Mr. Gray was a well known railroad
man, having worked on the Minnesota
division for some time.

The remains of Mr. Gray were shipped
through to his home at Staples this af-
ternoon. It is thought that Gray was
standing on a log and that his rifle
slipped down and was discharged. The
bullet struck him in the chin and passed
clear through his head.

Joseph Harrison, of Leavitt Lake,
Cass county, was killed yesterday on a
deer runway, presumably being shot for
a deer. He went out with his two sons,
who left him on the runway and went
on together. A gun shot was heard,
but thinking it was their father shoot-
ing they did not return to him for some
time, but later were directed to him by
the dog.

It is not known who fired the shot.
Harrison was an old soldier, about 65
years, and often met with the G. A.

cident near here this season, W. F. Clad-
well having been shot by running into
his own set gun last week.

EDWARD BAXTER PERRY

Exquisite Program Rendered by This
Great Artist at the First Congrega-
tional Church Last Night

The audience which met last night
at the First Congregational church to
hear Edward Baxter Perry, was in
spite of gatherings elsewhere, large and
deservedly appreciative.

Both as a lecturer and performer Mr.
Perry justified the very high praises
critics all over the world have given
him and Brainerd people have again
heard a truly, great artist.

The analysis, with which he prefaced
each composition played was rarely
elegant in style, classic and scholarly,
no less enjoyable in itself than for its
value as an aid to intelligent interpreta-
tion.

In his playing, a very soft and sym-
pathetic tone, which in spite of great
power never becomes hard, a certain
and easy technique, great speed and ex-
quisite delicacy are at the command of
an artistic interpretation. They were
particularly well shown in his first num-
ber, "The Aurora Sonata," by Beethov-
en. Soft shifting colors, gleaming
lights and scintillating flashes were
graphically pictured.

In succeeding numbers by Greig,
Saint Saens and others he showed how
the grotesque and humorous may be
vividly expressed in sound. In his last
number by Chopin, which belonged, he
said to the highest and purest music, he
appealed to the emotional poetic nature,
and in its performance he won the
heartiest applause of the evening.

ELECT MANAGER

Shakespeare Mining Company Have New
Head at the Mine—Assistant Man-
ager Named

J. C. Foley, a mining man well
known in Duluth and who has been
lately conducting a mining brokerage
office in Sault Ste. Marie, has been ap-
pointed manager of the Shakespeare
gold mine at Webbwood, says the Du-
luth Herald.

This appointment was made at the
regular monthly meeting of the board
of directors of the Shakespeare Gold
Mining company, limited, held at the
Soo Saturday. This session was attend-
ed by all the directors including C. L.
Twohy, of Duluth, president of the com-
pany, and A. L. Hoffman, of Brainerd,
secretary.

Mr. Foley is well known at the Head
of the Lakes and was one of those most
prominently identified with the Rainy
Lake gold movement some years ago.
He already announced his determina-
tion of having the work of sinking the
shaft at the Shakespeare mine resumed
and will begin a campaign of industri-
ous activity there at once.

T. W. Trotter, another well known
mining man, who has been in charge of
the Shakespeare mine for the past few
weeks, has been appointed assistant
manager. He reports the completion of
an air shaft to the surface; the exten-
sion of the drift east on the first level
fifteen feet and the west drift on the
100-foot level, forty feet. The ore from
the latter drift goes to the mill together
with the ore from the stopes.

An order for a new compressor plant
has been placed and it is expected that
it will be installed within the course of
three weeks or a month. The box
pump line to the lake has been complet-
ed and the camp buildings fitted up for
the winter.

You never heard of any one using Fol-
ey's Honey and Tar and not being satis-
fied. H. P. Dunn & Co. mfwlm

BAD FREIGHT

WRECK ON N. P.
Near Becker, East of St. Cloud,
Does Considerable Damage
and Causes Delay

NONE OF TRAINMEN INJURED

Both Engines in a Head End Col-
lision are Demolished and
Several Cars are Burned

There was a bad wreck on the North-
ern Pacific near Becker this morning at
an early hour which did considerable
damage and caused a delay in the train
service for some time.

It was a head end collision between
two freights and when they struck they
were going along at a high rate of speed.
Both engines were demolished and sev-
eral cars of both trains were burned.
The passenger trains were delayed sev-
eral hours on account of the wreck, but
the morning trains leaving the twin cit-
ies came up over the Great Northern
track so that there will be very little
delay.

None of the train crews were injured
to the slightest degree in the wreck, al-
though one or two of them had narrow
escapes.

The cause of the wreck is at this
time unknown but the officials are mak-
ing a thorough investigation.

About the only inconvenience felt in
Brainerd was the non-arrival of the
east mail on the early train from the
west.

When other medicines have failed
take Foley's Kidney Cure. It has cured
when everything else has disappointed.

CATARRH CURE

"Hyomei Costs You Nothing If It Fails
Says H. P. Dunn & Co.

Among the many medicines upon the
market that claim to cure catarrh none
but Hyomei has enough faith in its own
merit to offer to refund the money if it
does not cure.

This scientific remedy for catarrh kills
the microbes and germs of the disease
and from its introduction has been sold
under a positive guarantee to return the
money to all dissatisfied customers.

Hyomei is the only method of treat-
ment that sends by direct inhalation to
the most remote parts of the air pas-
sages, a balsamic air that destroys all
catarrhal germs in the breathing or-
gans, enriches and purifies the blood
with additional ozone, and makes per-
manent and complete cures of catarrh.
The complete outfit costs \$1.00 and
comprises an inhaler, a bottle of Hyomei
and a dropper. The inhaler will last a
lifetime, and additional bottles of
Hyomei can be obtained for 50 cents.

Breathe Hyomei for a few minutes
four times a day, and your catarrh will
grow better from the first day's use, and
will be completely cured within a short
time.

Do not try to cure catarrh with ordi-
nary stomach medicines. Breathe the
healing Hyomei which goes to every
part of the air passages and respiratory
organs, killing the catarrhal germs and
preventing their growth.

It is the only treatment for catarrh
where you can get your money back
from a local dealer H. P. Dunn & Co. in
case it does not help.

MUSIC AND DRAMA.

"DOWN BY THE SEA."

The patrons of the drama will be in-
terested in the announcement of the en-
gagement at the Brainerd opera house
on next Saturday, Nov. 18, of the com-
edy-drama "Down by the Sea." As to
plot and story it is complete and inter-
esting. Its characters are original crea-
tions and the play throughout is refined.
When there is a suspicion of a tear in
the eyes of the men and more than a
suspicion in the eyes of the ladies, then
there is something that strikes the
heart. When the heart is appealed to
there is an element of success. The play
has been a success in England and the
provinces for eight years past and is
still being presented over there to large
audiences. "Down by the Sea" is a
play of merit, and as Manager Phil Hunt
has endeavored to make the company
presenting it a good one, theatre-goers
are assured of witnessing an attraction
that will be adequate. All the scenic
effects are carried and attractive vaude-
ville features enhance the production.
Prices: 75, 50, 35 and 25c.

"THE TENDERFOOT"

"The Tenderfoot," that great operatic
comedy of western life, by Richard
Carle, will be the attraction at the
Brainerd opera house, Friday Nov. 24.
The stars of "The Tenderfoot" are Oscar
L. Figman and Ruth White, two play-
ers who have gained fame for their
work in "The Burgomaster" and other
big musical productions. Mr. Figman
is said by the Chicago critics, where
"The Tenderfoot" has just finished its
third run, to be a revelation in the
character of Professor Pettibone, and to
have taken place as one of the greatest
light opera comedians in the country.
Miss White's fine soprano voice is heard
to great advantage in the role of Marion.
Other members of the big cast are
Jethro Warner, Fred Nailey, J. F.
Rooney, H. S. Burns, M. H. Baldwin,
George Romain, Louise Brackett, Etta
Lockhart, Frankie Warner, Mabel
Lorena and Dolly Castle. The chorus
is an extremely large one, the company
numbering nearly seventy people.
Musically "The Tenderfoot" is one of
the most delightful operas that has been
produced in this country for years. It
is, also, typically American in spirit.

THE PROGRESSIVE ENTERTAINERS.

"To instruct and to amuse" is the aim
of the Progressive Entertainers who are
billed to play at the Brainerd opera
house on Thursday, Nov. 23.

From the program of the Entertain-
ers is noted a stereoscopic lecture on
"Pre-historic Ages," by Mr. F. W. Haw-
kins, illustrated by finely executed views
drawn and hand-colored under the su-
pervision of scientific authority. Pictur-
es of the weird landscapes and the mon-
strous animals make this talk intensely
fascinating, and the lesson to be drawn
from these scientific facts is one that all
may apply in their daily life.

Madam Eva Moys, who is possessed
with an exceptionally rich and sym-
pathetic mezzo-soprano, will render sev-
eral vocal selections some of which are
illustrated. There will also be other
musical specialties.

With the aid of the Edison Kinetos-
cope will be shown, in finest motion
pictures, the entire story of Robinson
Crusoe, and also a number of other
scenes that will prove interesting and
amusing to people of all ages. An en-
tertainment rich in both material and
quality is promised.

PICKANDS-MATHER INTERESTS

Names of Those in the Party
Could Not be Learned From
Railroad Men

A special train consisting of a diner
and a Pullman sleeper arrived in the
city in the dead of night from Duluth
and before daybreak this morning had
pulled out again for Loerch, where the
members of the party who were aboard
the train spent the day going over the
Cuyuna range or a part of it.

It was not learned today who the men
were in the party, but the fact that the
cars belonged to the Mesaba Northern,
gave credence to the statement that the
party was composed of several of the
leading iron ore men in the country or
their representatives.

It is said that the Pickands-Mather
interests were represented in the party
and that a trip to the shaft will be made
for investigation. A. B. Wolvin, of the
Pittsburg Steamship company, is also
said to have been among those in the
party.

It is understood that there has been
a rich strike on 28-47-29, one of the
George Crosby holdings. Good, high
grade ore is said to have been struck
there.

Bryant's Remuneration.

It is amusing to know how small were
the pecuniary rewards of Bryant's lit-

the price that he named, and he seemed
to be abundantly satisfied with the
terms. A gentleman met him in New
York many years after and said to him,
"I have just bought the earliest edition
of your poems and gave \$20 for it."
"More, by a long shot," replied the
poet, "than I received for writing the
whole work."

MUNICIPAL OWNERSHIP PLANS.

Mayor Dunne Submits Ordinance to Chicago Council.

Chicago, Nov. 14.—Another ordinance providing for steps to secure municipal ownership of the street railways in Chicago was submitted to the city council during the evening by Mayor Dunne. The ordinance was accompanied by a message to the aldermen, which gave three ways in which Mayor Dunne asserts he will be able to bring about municipal ownership. The first plan is by reaching an agreement with the traction companies by which their property would be transferred to the city at a price decided upon by arbiters. The second is by condemnation of the property of the street railway companies under the provision of the Mueller act. The third method is one which the mayor has already presented as an alternative to his contract plan, the construction of municipal street lines which will parallel the lines of the existing companies.

The ordinance which accompanied the message from the mayor asked that authority be given to place on the ballots at the spring election the question whether the city shall issue Mueller certificates to the amount of \$75,000,000. This sum, it is declared by the mayor, is needed for the reconstruction of the lines and for the purchase of the unexpired franchise rights of the existing companies. The message and the ordinance was referred to the committee on local transportation, the same fate as that which met the other proposition submitted to the council by the mayor in regard to the municipalizing of the Chicago street railways.

Wisconsin Authorities Suspicious in Pfister Case.

Prairie du Chien, Wis., Nov. 14.—The Crawford authorities believe they have located Agnes Pfister, the girl who mysteriously disappeared from the Ryder schoolhouse last Thursday. District Attorney W. R. Graves has given all his information to Charles Rheim, guardian of the girl, and the county attorney expects the girl will be found soon.

Whether the girl was really kidnapped or was a party to some mysterious conspiracy was not communicated to the district attorney, who now believes that the letters received by himself and the county judge were bona fide and that the girl is in hiding with a family in the Kickapoo valley, near Steuben, Wis. Nothing more will be done by the county officials until the guardian has followed the instructions of the district attorney and should their efforts prove fruitless the authorities admit that they will be entirely at sea.

If it should prove to be true that the kidnapping was a sham no motive can be assigned to explain the girl's course. No description of the men who abducted the young woman has been secured. Their coats were buttoned over their chins and their caps pulled down over their eyes.

Student Who Was Bound and Gagged at Gambier, O.

Gambier, O., Nov. 14.—James E. McGavrey, the Bexley theological seminary student who was found bound and gagged in his room Saturday night, is in a precarious state and fears are entertained that he may not recover. He suffered severe convulsions during the day and physicians say he is on the verge of complete nervous collapse. He suffers great pain in his right side, and it is believed he was kicked while unconscious by the men who bound and gagged him.

McGavrey's mind is not yet clear and he is unable to tell anything of the assault which will give a clue to the police at work on the case.

Not only to the police, but the college authorities as well, is the assault a mystery.

END OF NUMEROUS QUARRELS.

Scranton (Pa.) Man Kills Wife and Commits Suicide.

Scranton, Pa., Nov. 14.—Seven-year-old Elsie Jones, on returning from school to her home in Scranton, found her father and mother lying dead on the kitchen floor. The mother had been shot in both eyes and the father in the left temple. A thirty-eight caliber revolver was clutched in the father's right hand.

The shooting was doubtless done by the father, Frank Jones. Four years ago he and his wife were separated, but they became reconciled soon afterward and had been living together ever since, though not happily, according to the neighbors. Nothing is known as to what prompted the deed, but it is supposed to have been the outcome of one of the couple's numerous quarrels.

Washington, Nov. 14.—The address of E. Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
